

Jo: Kathy Dood luck in the future. Datter

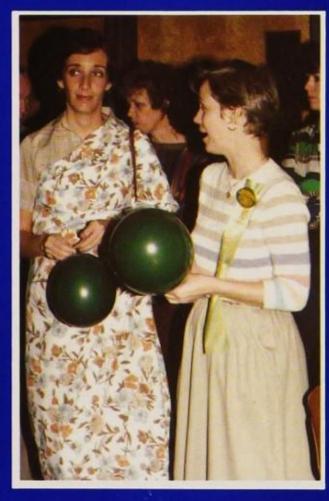

Our fantasies of today provide the key to our future. These figments of our imagination help to shape our character, as well as provide goals that will someday be reached.

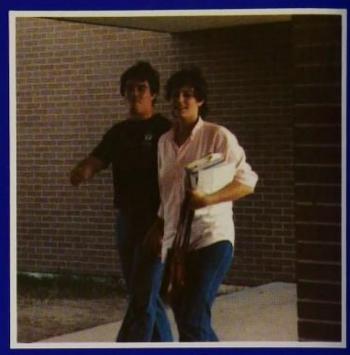

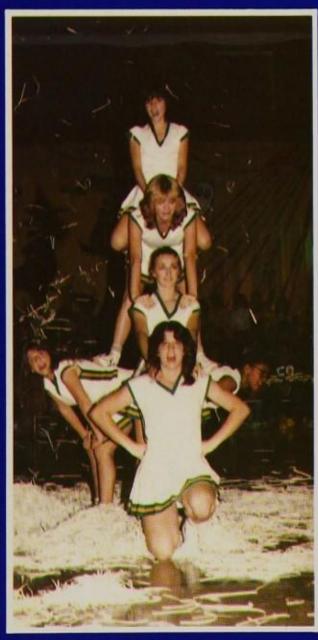

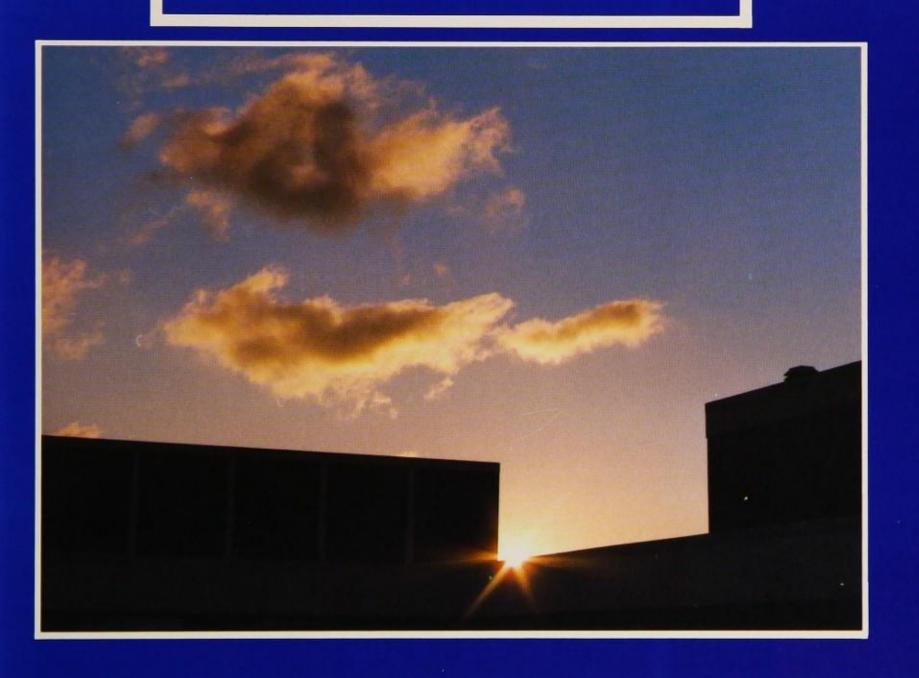

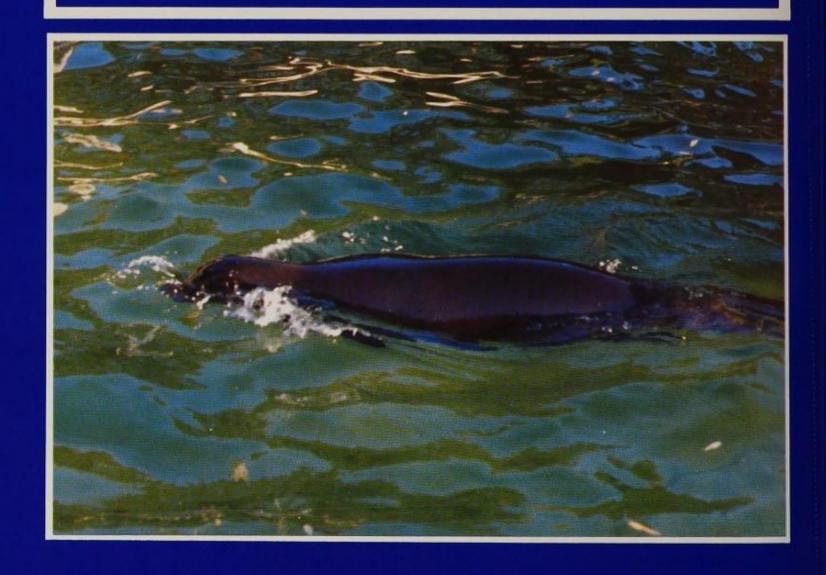

The importance of most illusions goes unrecognized. Most prove to contain the seed of new ideas and hopes. These unknowingly assist in molding our future endeavors.

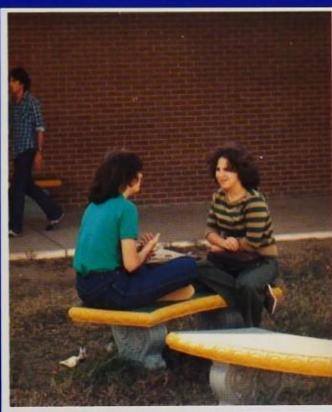

Providing a lasting memory of our past, flights of fantasies will linger forever in our minds and hearts. Although these reminiscences may seem to fade, it will take but a slight reflection on yesterday to bring them back into focus.

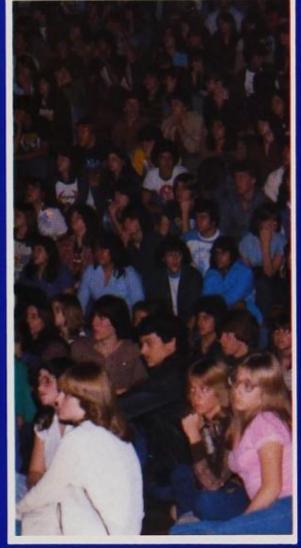

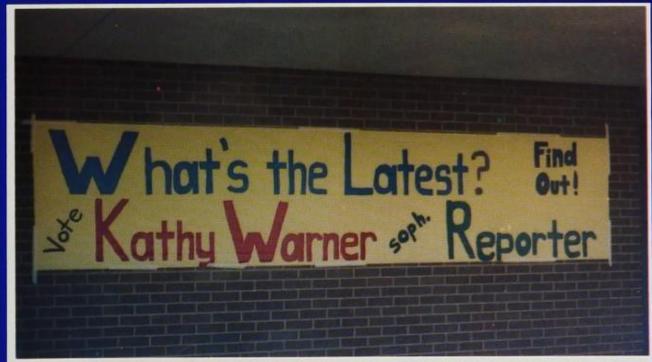

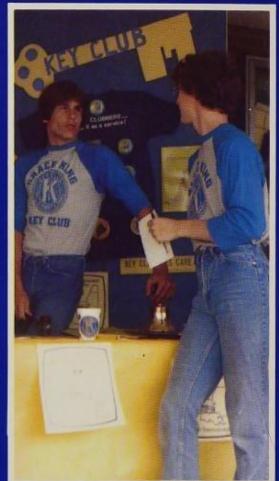

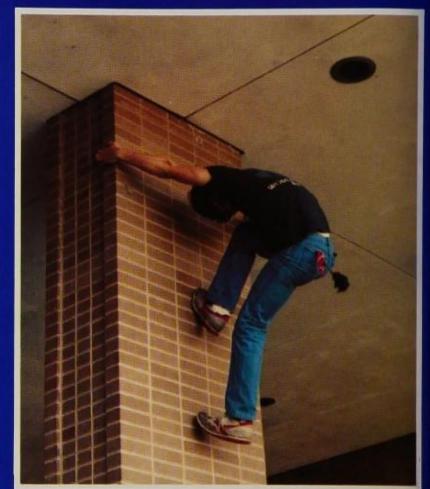

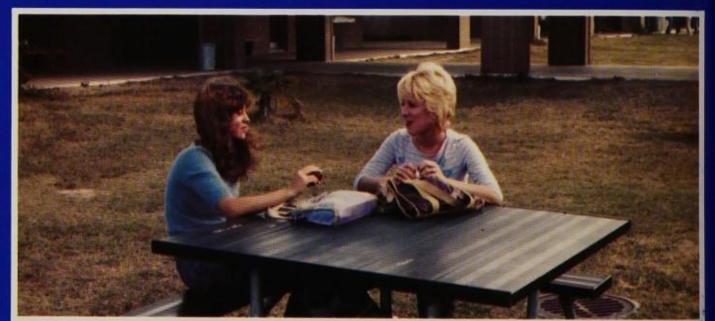

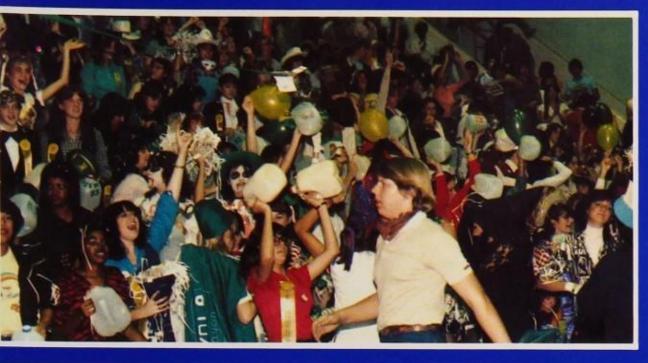

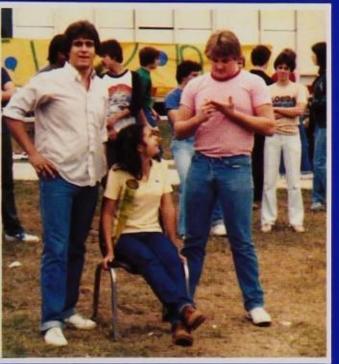

Our visions of the past will help cushion the blows of the burdensome moments. These visions of happier times will furnish us with strength to conquer upcoming obstacles.

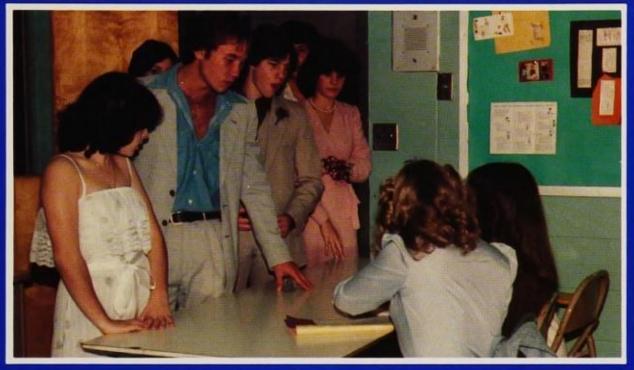

Sharing dreams of the past and future with close friends is essential in dealing with our changing lives and growing responsibilities. Although these dreams are essential, it is important that we retain the ability to distinguish them from reality.

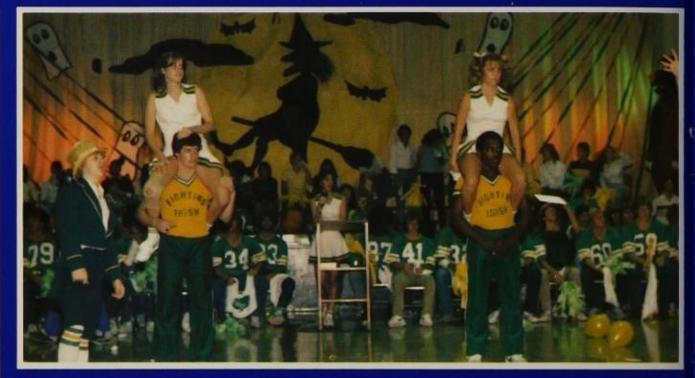

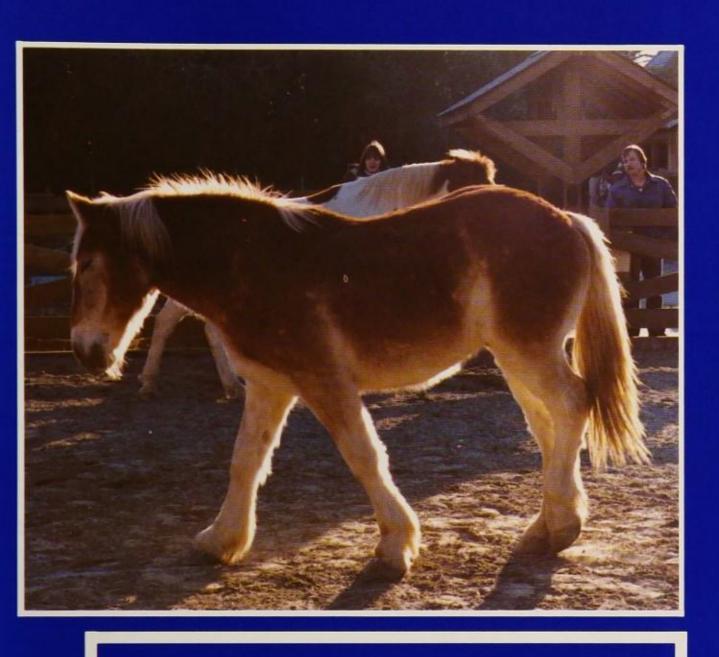

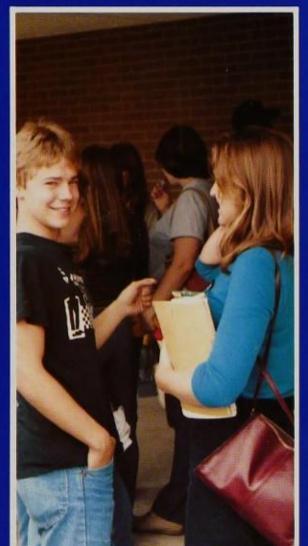

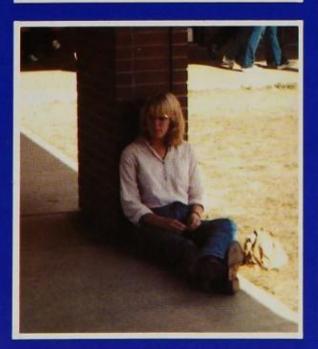

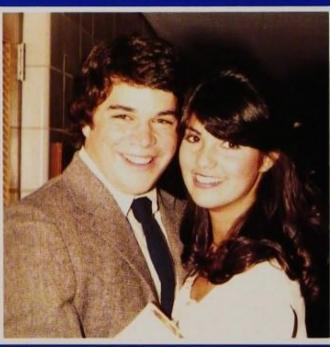

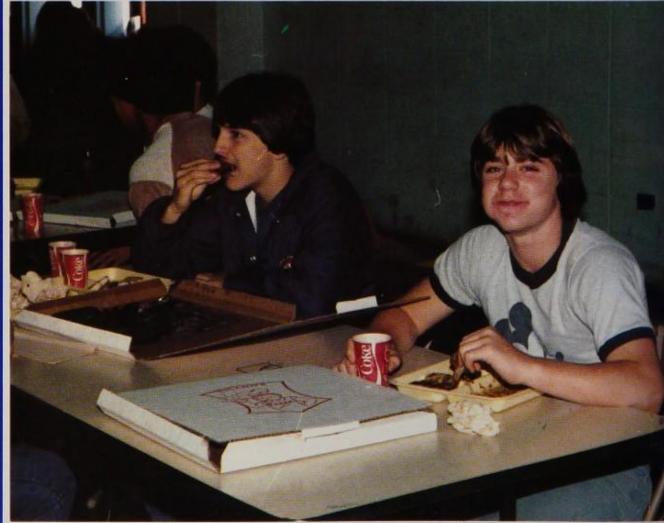

The endless changes and hardships of the present are made bearable through our ability to fantasize. As long as we possess this ability, we will accept whatever the future holds.

Fantasies are important, but they are often taken for granted. They help us by providing goals that prepare us for a mysterious future and by reflecting on yesterday in hope of bringing cherished memories into focus once again.

J.V. Does It With Enthusiasm

The 1982 Boy's Junior Varsity Basketball team under Head Coach Gary Silva had a very successful season. The main objective of J.V. is to allow the players to gain experience for years to come. The team's enthusiasm, sportsmanship, and hard work helped make the team's season productive. The young men tried with their greatest effort to make the team come together as a whole. A good season depends on the success of the team, and the J.V. has shown great skills and dependability throughout the season.

The Girls Junior Varsity Basketball team was coached by Ms. Sue Breen. Ms. Breen made sure the team worked hard in order to strive for excellence. The Girl's J.V. team showed great spirit throughout the season on the court as well as off.

Class of '82 Starts Tradition

When we first came to Grace King a few years ago, we lacked the necessary unity; but after a short period of time we found the key to the Grace King tradition. With this key, we as a class unlocked the door to unity, pride, and spirit. We learned that as a class we could cheer a team on, as well as pave the way to many enjoyable years at Grace King. Together we have made our years at Grace King successful, enjoyable, and educational. Some of us will choose to further our education, while others will find jobs, and still others will go a different route in life. The route we take in life can be aided by personal reflection. Were we the leaders and students we should have been? Did we keep our goals and priorities in tact? While we can not change the past, we can learn from it. Place your goals high so you will strive to reach them. Remember we will have an advantage over most we are Grace King Graduates!

In addition to starting some important traditions at Grace King, the class of 1982 also experienced the revival of an old tradition, Kangaroo Kourt. The Sophomore Class was welcomed to Grace King by the Seniors in a most unusual way. The Senior Class conducted the Kourt in hopes that it would show the Sophomores true Irish Spirit.

Involvement was plentiful at Grace King in 1982 and was especially evident in the Senior Class. This high spirited group was the reason for many of the successes experienced by the school. The class of 82 showed their enthusiasm in their every move. They set a perfect example for classes ahead. Because the last year of high school is so very special, the Seniors vowed to make their year one to remember.

As Senior Year progressed, preparations were made for Ring Day, Senior Luncheon, and Graduation, all of which are memorable happenings for a Senior. As the class participated in these events, the word Senior began to mean something special. Friendship also became something special. These friends spent the most valuable year of high school with one another.

Officers Back Their Class

The officers of the Junior Class began this year with a great amount of excitement. They have gotten the Junior Class to participate in many class activities. Through their hard work, they have shown their tremendous school spirit. Winning the Wail card competition and the spirit stick are just a few of their successes. Because of their unity and ability to work together, the entire Junior Class has accomplished a great deal.

Officers Take Charge

To remember is to live once again; to have one's words recorded immortalizes their meaning. The Sophomore class officers realize this, so they started off this year very enthusiastically. **President Shannon Wilkerson** has labored much this year along with the other officers of the sophomore class to make this year the best possible says **Shannon**, "It should be known that the officers this year are officers of care, spirit, and honor."

SCHOLASTIC DIVISION

High School is what you make it!

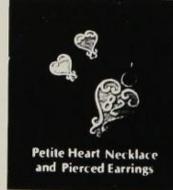

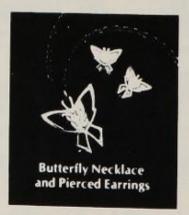

That's why there are traditions. Traditions are a very special part of school. They build school spirit. They're events and happenings that take place to make your high school special for everyone who attends it. You know some of those long standing traditions: Orientation. Letter Jackets, Yearbooks, Prom. Homecoming, Class Rings, Graduation, Valedictorians, etc. And every year it seems that each class creates some new traditions. That's why Jostens has created its unique School Spirit Program. It's really a way to build School Traditions. Ask your Jostens representative about the program; he'll be glad to help.

So while you're preparing for the future, take some time to enjoy the present. Get Involved! Share the spirit and tradition...and HAVE FUN doing it.

"Life is like a piano - what you get out of it depends on how you play it." It's true, the road of life is long and rocky but if you live yours in the best way you think is right, you will be rewarded in the end. "Hold fast to dreams for if dreams die, life is a broken winged bird that cannot fly." Set your goals high then reach beyond them. You must always look for the pot of gold at the end of the rainbow; strive for your ultimate dream, you deserve it! "Friends are flowers in the garden of Life." You have touched my life in a very special way. You have seen me when I'm happy and when I'm hurting; you have laughed with me and cried with me; you have helped me solve my problems; you have comforted me in my times of trouble; you have tried to understand me; you have been there for me, but most of all you have loved me I love you not only for who you are, but for what I am when I'm with you.
